Terrorism Risk Insurance Act (TRIA) Disclosure

In accordance with the Terrorism Risk Insurance Act of 2002, as amended and reauthorized (TRIA), we are required to offer you terrorism coverage and to inform you of the premium for this coverage.

Coverage for acts of terrorism is included in your policy. The portion of your premium attributable to coverage for certified acts of terrorism is as follows:

GL Premium:	\$40,688
TRIA Rate:	3.0% of GL Premium
TRIA Premium:	\$1,221
Minimum TRIA Premium:	\$150

The United States Department of the Treasury will determine whether an event is a certified act of terrorism. Under TRIA, the federal government will pay 80% of covered terrorism losses exceeding the statutorily established deductible, and the insurer will be responsible for 20%. The federal share applies when total industry insured losses from certified acts of terrorism exceed \$200 million in a calendar year.

The premium charge for terrorism coverage is determined using the current Markel rate filing for this coverage territory and class of business. Terrorism premium is subject to a minimum premium as noted above.
